

CALIFORNIA SELF DIRECTED PROGRAM

Impact to Your Spending Plan – Worker Wages

The following chart shows you how much each hour worked costs your spending plan. This is based on how much you pay your worker. The 'Cost to Spending Plan' includes required employer taxes and workers' compensation insurance costs. The details can be found below. All amounts are examples. You may pay your employees any rate amount you want within state and program guidelines.

Employee Wage	Cost to Spending Plan	Employee Overtime Wage	Overtime Cost to Spending Plan
\$16.50	\$19.39	\$24.75	\$29.09
